

ET0042A **Universal Lift Support Clamp** (**Magnetic**)

- **Holds gas charged lift supports up to Ø 13mm** found on hoods, tailgates, hatchbacks and trunks.
- *Securely holds weak lift supports in the extended position to allow access to the engine compartment or luggage area.*

- **Aluminum body (A) and Brass tip (B)** prevent damage to the lift support.
- **Magnet (C) holds the tool in place** while securing the clamp.
