## MERCEDES TIMING CHAIN RIVETING TOOL KIT SINGLE ROW AND DOUBLE ROW

- For timing chains on Mercedes petrol and diesel engines.
- **The Separating Tool and the Riveting Tool allow quick, easy and safe splitting and re-connection of the timing-chains** - Simplex and Duplex - as well as the double-roller to be found on new Mercedes diesels from 9/95 onwards. On such chains, the timing chain pin is peened.
- Advantages:
  - Clean splitting of the old timing chain
  - Correct and safe assembly of the replacement timing-chain
  - Exact riveting of the new timing chain
- Application: BENZ Model OM 601, 602, 603, 615, 616, 617, M102, 103, 116, 271, 272 and SAAB, BMW

Parts No.	OEM No.	Description
A3	271 589 01 63 00	Pressure piece with Magnet for Simple Timing Chain
A4		Mounting Thrust piece
A5	271 589 01 63 00	Mounting Thrust piece
B1	272 589 00 39 00	Riveting base tool with spindle
B2		Spindle
B3		Pressure piece used on M271
B4	272 589 01 36 00	Mounting Guide Bead
B5	272 589 01 63 00	Guide bead for duplex timing chains
B6	272 589 00 63 00	Mounting Thrust piece
B7		Mounting Guide Link
B8-2		Screw
B9	272 589 03 63 00	Mounting link for duplex timing chains
D1		Riveting base tool with spindle
D2		
D3		Link Removal Spindle
D4		Link Removal Spindle
D5		
D6		
D7		
D8		Threading Link Set (temporary) for Diesel/Gasoline Engines
D9	602 589 02 63 00
