

ET2016F

UNIVERSAL ENGINE STABILIZER BAR

(TRI-BRANCHES)

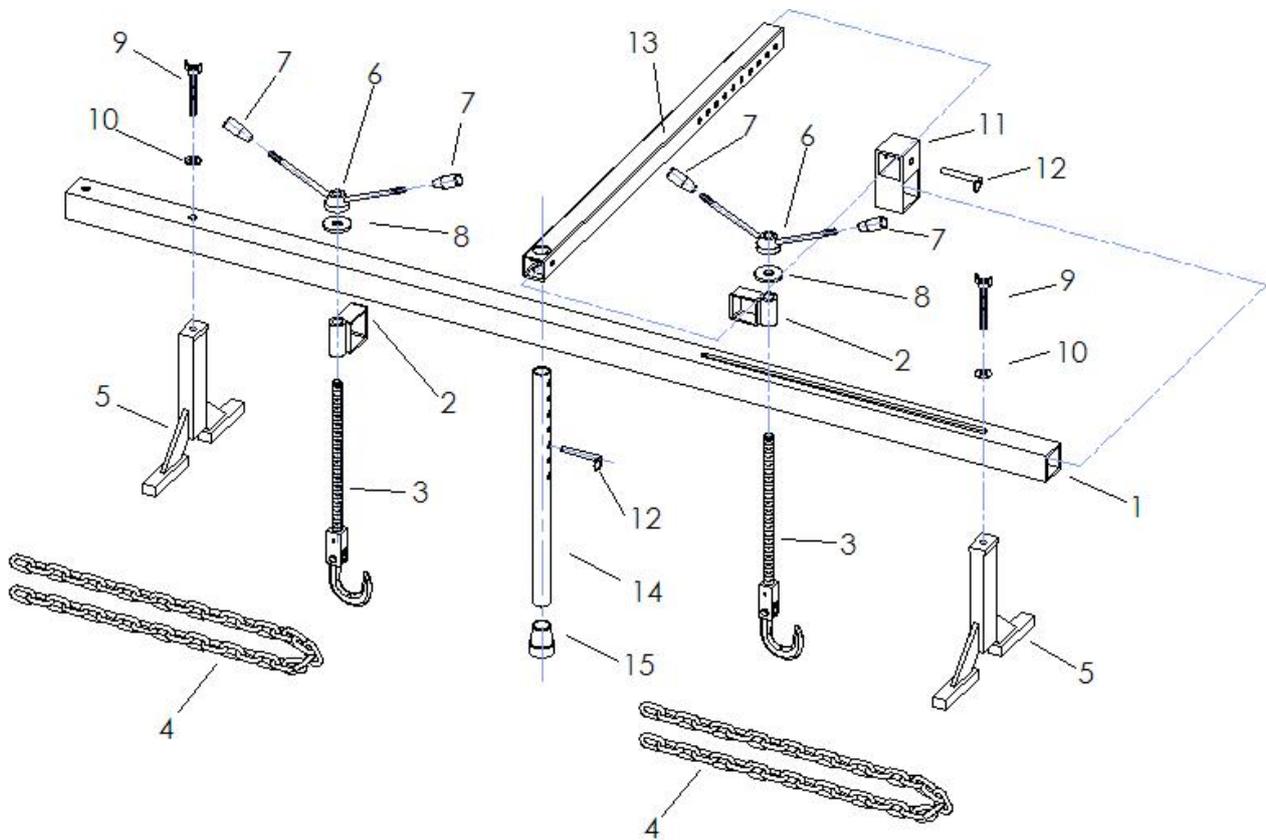

- The main body is made from 50mm square tube in 1,830mm length. Two removable supporting plates with rubber pads help prevent damage to the vehicle paintwork.
- The adjustable 40mm square tube in 845mm length offers a third support to avoid the engine toppling over.
- Two forging hooks and chains make it easy to hang on all kinds of engines.
- Application: All vehicles
