

DIGITAL CIRCUIT TESTER

FOR 6, 12, 24 & 48V SYSTEMS

FEATURES

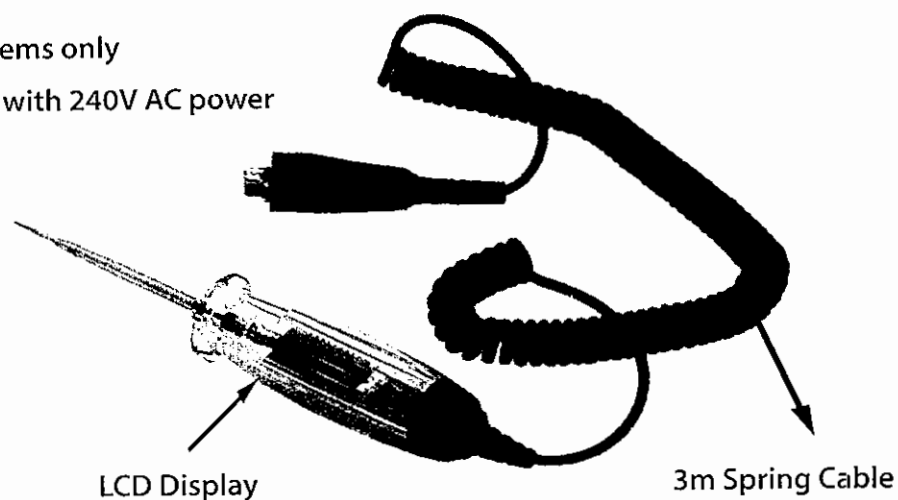

- Real time voltage measurement from 6 - 48V DC
- Suitable for 6, 12, 24 & 48V DC systems
- LED indication for power (Red) and ground (Green)
- Easy to read digital display
- Stainless steel testing probe
- Spring cable, extends to 3 meters
- Small testing current < 10mA

SPECIFICATIONS

Voltage:	4 - 60V DC
Testing Current:	<10mA
Display:	LCD
Resolution:	0.1V
Accuracy:	4 - 10V (1% + 5 digits) 10 - 60V (1% + 3 digits)
LED Indication:	Green (-) / Red (+)
Operating Temperature:	-10 to 50°C
Operating Humidity:	<80%

SAFETY WARNING

- For DC systems only
- Do not use with 240V AC power
