

ET4084 Wheel Bearing Tool Set

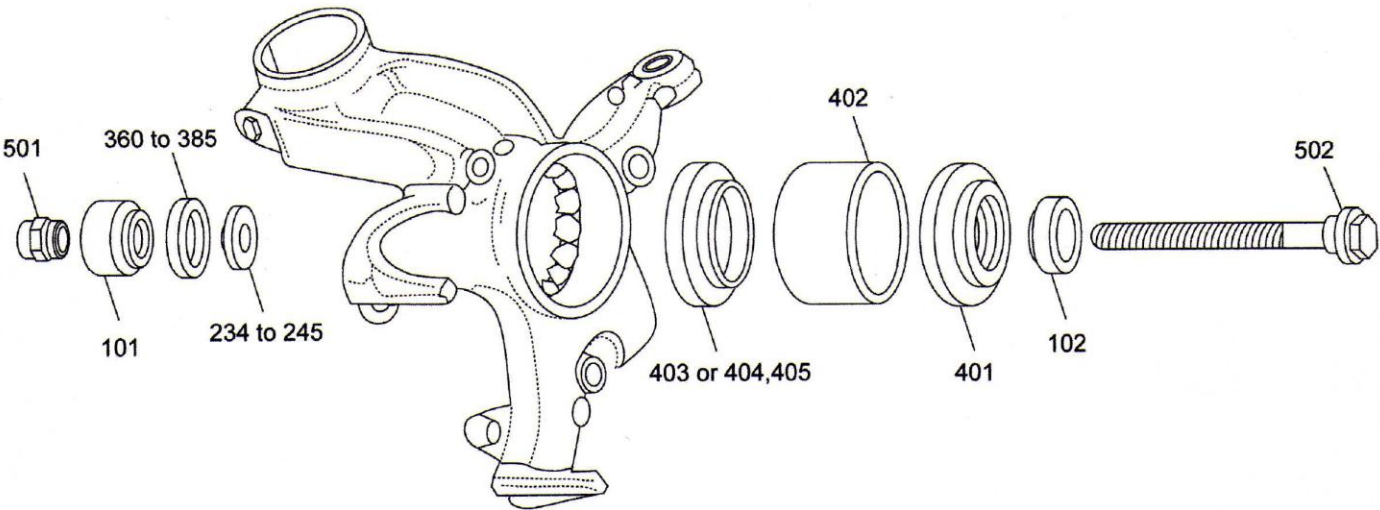

Wheel Bearing Tool Set

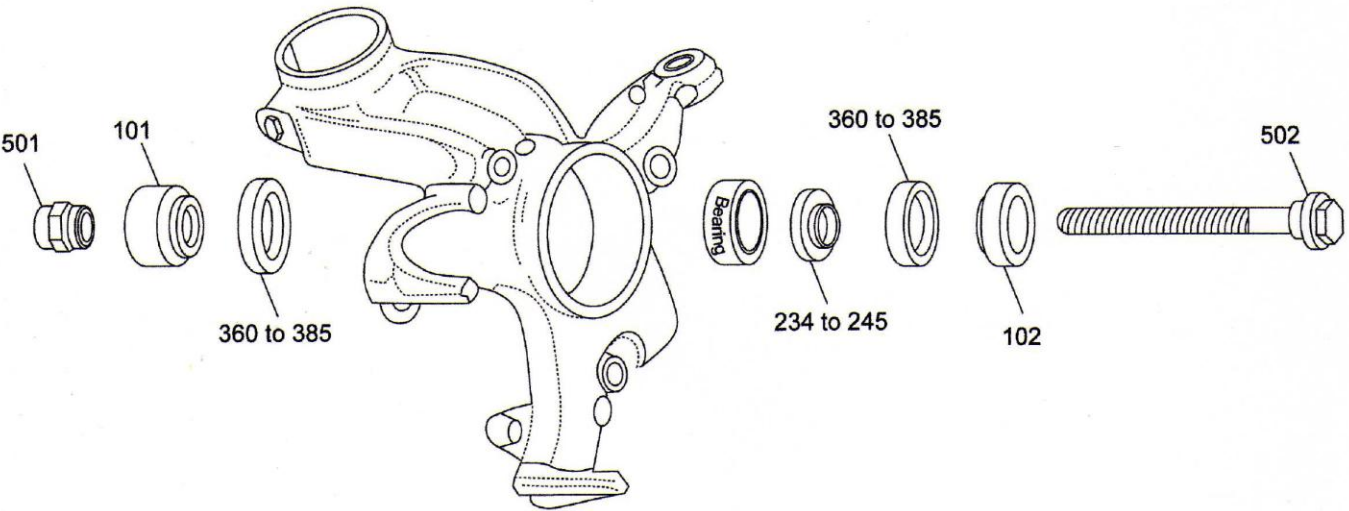

- Suitable for VW, Audi, Seat, Ford, Opel, BMW, etc.
- For wheel bearing diameters 60mm - 85mm.
- This tool set is for the precise, quick and professional removal and replacement of wheel bearings.
- The design can prevent damage to the new wheel bearing because the press pieces enable safe and accurate centering and alignment when changing wheel bearings.

Operation example:Disassemble Wheel Bearing

Operation example:Assemble Wheel Bearing

Set contents :

Item No.	Description
500-501	Nut ; M20 x P2.5
500-502	Spindle ; M20 x P2.5
500-401	Bearing cover
500-402	Housing
500-403	Centring ring Ø70
500-404	Centring ring Ø75
500-405	Centring ring Ø80
500-360	Pressure ring Ø60
500-364	Pressure ring Ø64
500-368	Pressure ring Ø68
500-372	Pressure ring Ø72
500-374	Pressure ring Ø74
500-380	Pressure ring Ø80
500-382	Pressure ring Ø82
500-385	Pressure ring Ø85
500-234	Centring ring Ø34
500-238	Centring ring Ø38
500-239	Centring ring Ø39
500-240	Centring ring Ø40
500-241	Centring ring Ø41
500-242	Centring ring Ø42
500-243	Centring ring Ø43
500-245	Centring ring Ø45
500-101	Adaptor
500-102	Adaptor
