About Us

Foxwell is a leading global manufacturer of professional automotive diagnostic products. We combine industry knowledge, manufacturing expertise, and technological innovation to offer an extensive range of diagnostic products that include OBDII code readers, service tools, and workshop scan tools. Foxwell invests heavily in research & development, with a goal of providing

industry leading vehicle coverage, and being first to market with new products & innovations. The result is intuitive technology that is simpler and smarter, making it easier to diagnose and service vehicles for car owners to professional technicians alike. And a reputation for being extremely responsive in delivering regular scan tool updates. For the Australian market, we offer extensive scan tool coverage for Australian

Ford / Holden vehicles through to the latest generation. We also offer extensive technical support to our Australian customer base with Australian based technical engineering support. Australian Foxwell products are backed by a local hardware warranty, and come with lifetime free updates (3 year free updates for the workshop scan tool).
