

# POWER PROBE IV

## Large Multi-Line Color LCD Sreen:

- Simultaneously provides multiple data points on the same screen.

## Built For Shop Life:

- Water & Dust resistant housing
- Loud Indicator Tones for noisy shop environments

## Meter Modes:

- DC Voltmeters: Glitch Capturing
- AC Voltmeter - TRMS, Average & AC Peak Min/Max
- Frequency and Duty Cycle (Hz)

## Resistance Testing: Live & Unloaded

- Read a Circuit's Resistance with Live Voltage
- Read a Circuit's Resistance to Hot or Ground

## Diagnostic Modes:

- Fuel Injector Tester: Test Injector & ECM Health
- PCM & ECM Driver Tester: Test Module Drivers.
- Signal Tracer: Trace ECT Open.Circuit Signals

## Self-Resetting Circuit Breaker:

- Self-Resetting Circuit Breaker For Fast and Easy Circuit Protection During Testing

# POWER PROBE IV

## Features Breakdown

	Power Probe IV	Power Probe III
Voltage Rating	<b>12 - 24 VDC</b>	12 - 24 VDC
Display Type	<b>Color LCD Sreen</b>	1 Line LCD Display
Circuit Breaker	<b>Self Resetting</b>	Manual Reset
DC Voltmeter	<b>0 - 200 VDC</b>	0 - 70 VDC
DC Min/Max	<b>AVG, Min/Max Simultaneously</b>	YES
AC Voltmeter	<b>Peak to Peak/TRMS/Avg</b>	Peak to Peak
AC Peak Min/Max	<b>YES</b>	NO
Ohmeter	<b>0 - 10 KOhm</b>	NO
Live Resistance Test	<b>YES</b>	NO
Auto-Ranging	<b>YES</b>	NO
Water Resistant	<b>YES</b>	NO
Diagnostic Modes	<b>YES</b>	NO
Visual Navigation Menu	<b>YES</b>	NO

### Power Probe IV

Apply Power & Ground  
Meter Modes  
Diagnostic Modes  
Self-Resetting Circuit Breaker  
Large Multi-line Color Screen  
Easy to Navigate User Menu  
Water & Dust Resistant  
Brighter LED Headlamps  
23 Ft. Jumper Leads

### Power Probe III

Apply Power & Ground  
AC/DC Voltmeter  
Audible Threshold  
20 Ft. Jumper Leads  
LED Headlamps
